

Där listerna ska kapas, vänd dem upp och ner.

Der, hvor listerne skal skæres, skal du vende dem på hovedet.

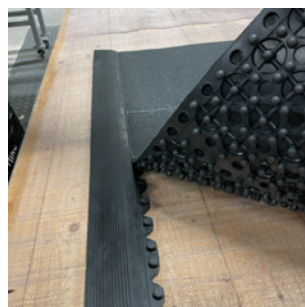

Where the strips are to be cut, turn them upside down.

Skär i den markerade skåran.

Skær langs den markerede rille.

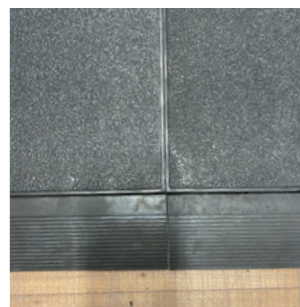

Cut along the marked groove.

Vänd på listen och klicka fast den i modulen.

Vend listen om, og klik den fast i modulet.

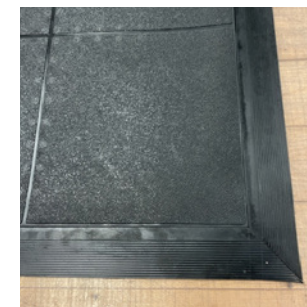

Turn the strip over and click it into place in the module.

Klart.

Klart.

Done.

Här är hörnet.

Her er hjørnet.

Here's the corner.
